# A Personal Welcome from Our Team

Welcome to Izmir! I am the representative of **Destina Transfer**, the company that will be picking you up from the airport. We've designed this short guide to make your arrival completely seamless. Your comfort is our top priority.

For any questions, our WhatsApp is **+90 542 795 1986**.

# One Quick Step Before You Fly

Turkish regulations require us to prepare a passenger list before your journey. To comply, please reply to our booking confirmation with the following for **all** passengers:

*This information is a legal requirement and is handled with strict confidentiality.*

Once your plane has landed at Izmir Airport, follow these five simple steps to connect with your driver.

## **Step 1: Get Connected**

Your first step is to ensure you have an internet connection. If your mobile data isn't active, please connect to the free **Izmir Airport Wi-Fi**.

## Step 2: Let Us Know You've Landed

Once connected, please send a simple message to us on WhatsApp at **+90 542 795 1986**.

**\*\*our flight has landed\*\***

## Step 3: Signal You Have Your Bags

After you have collected all your luggage from the carousel, please send us a second and final message on WhatsApp.

**\*\*we have collected our luggage\*\***

## **A Quick Tip for a Faster Connection**

To ensure a quick and easy meeting, please keep your phone's ringer volume turned on. Your driver may try to call you as you approach the meeting point.

## Step 4: Find the Meeting Point

After collecting your bags and clearing customs, please make your way to the terminal exit. Be sure to use the exit marked **Gate B**.

## Step 5: Look for Your Name

Your personal driver will be waiting for you right outside the exit of **Gate B**. They will be holding a sign with your name on it.
