Discover the Pearl of the Aegean

A Tale of Two Towns

Experience the unique duality of Foça. **Eski Foça (Old Foça)** captivates with its historical stone architecture, winding streets, and authentic fishing village atmosphere.

Yeni Foça (New Foça) offers modern bays, long sandy beaches, and contemporary conveniences.

History & Nature Preserved

Known as 'Phokaia' in antiquity, this Ionian city-state is home to the Temple of Athena and the Genoese Castle. It remains one of the few sanctuaries for the Mediterranean Monk Seal, protecting its untouched natural texture to this day.

Don't Let Logistics Define Your Trip

The Reality

The journey to paradise is long. The drive takes nearly two hours from the airport.

The Obstacles

Summer Crowds: Public transport and dolmuş services are often overcrowded and infrequent during peak season.

Luggage Struggles: Navigating transfers with heavy bags, children, or large groups is exhausting on standard transit.

Parking Anxiety: Finding parking in the narrow, historical streets of Old Foça is a significant challenge.

“Your vacation should start the moment you land, not after you unpack.”
